SIR,

I have the honour to invite reference to Circular No. 13173 of 24th February 1923, issued by the Auditor, Mysore Railways, on the subject noted above and to state as follows :—

2. The amount of credit notes issued by the officers of the several departments, will, on receipt in this office, through the Railway Exchange Accounts, be debited to the proper heads of account. An advice of debit so made will be sent to the head of the department concerned accompanied by the credit notes, whenever necessary. The amount advised should be included in the detailed contingent bill of the department in the same manner as work bills. Till it is accounted for in the detailed contingent bill, the amount debited by this office will be held under objection, as for want of detailed contingent bills.

In the case of the Public Works Department necessary intimation with the credit notes will be sent to each Executive Engineer with a request that it may be debited in his accounts to the final heads by credit to "34 Account Current between Civil and Railway Departments, items adjustable by Civil." The Executive Engineers are requested to include them in the accounts of the month in which they are received and return the credit notes to this office in support of the credit in their monthly accounts.

4. In the case of the Forest Department the charges will be debited to "Forest Remittances" in this office and necessary advices sent to District Forest Officers to include them in their next accounts by debit to Final heads and credit to "Forest Remittances."
